

About us

Dr David Keenan
BDS (Dund.) MFDS RCS (Ed.)
Cert Cosmetic Dentistry
Principal Dentist & Owner

Dr Keenan qualified from the University of Dundee in 2002. He completed General Professional Training as a Senior House Officer in Edinburgh Dental Institute for two years gaining experience in Oral Surgery, Crown and Bridge, Children's and Prosthetic Dentistry.

He then returned to his native Dublin in 2005 and has spent the last seven years working in Private Practice in South Dublin. During this time, David also worked as a Clinical Supervisor in Dublin Dental School and worked as Senior Clinician in a large Cosmetic surgery in the Dublin Docklands.

Dr Keenan has invested significant time in postgraduate education. In 2007, he became a Member of the Faculty of Dentistry at the Royal College of Surgeons in Edinburgh where he gained his MFDS RCSEd. In 2007/8, Dr Keenan completed a one year postgraduate certificate in London in Cosmetic and Aesthetic Restorative Dentistry and has also completed training in Inman Aligner (3 month braces) and Six Month Smiles.

Welcome to Pembroke Dental Ballsbridge

Pembroke Dental Ballsbridge is a recently refurbished, state of the art practice, located in the heart of Ballsbridge, opposite the American Embassy. We offer a full range of preventive General dentistry, Cosmetic dentistry and Adult Orthodontics.

We look forward to welcoming both new and existing patients to the practice and our flexible opening hours mean you can make an appointment either before or after your working day.

The team at *Pembroke Dental Ballsbridge* is committed to keeping you up-to-date with all the latest advancements in dentistry so be sure to sign up for our e-Newsletter or 'like us' on Facebook - full details are at the back of this brochure.

What do we offer?

General dentistry

The best way to protect your smile is by having good oral health. Visiting *Pembroke Dental Ballsbridge* twice annually to have a dental health check and thorough cleaning of your teeth is the best way of ensuring this.

Cosmetic dentistry

At *Pembroke Dental Ballsbridge*, we can give you the confidence to smile again. Many people are not aware that missing teeth can be replaced and damaged or discoloured teeth can be repaired. There are many ways to give you that confident smile again including dental implants, bridges, crowns, veneers, dentures and teeth whitening.

Teeth whitening

Teeth whitening is one of the easiest ways to improve your appearance. Whiter teeth can boost your confidence and self-esteem. Drinking tea, coffee, cola or red wine, and smoking eventually takes a toll on teeth. The results are dull, yellow coloured teeth. Antibiotics can also cause darker grey-coloured stains.

Most teeth will benefit from tooth whitening, which is a proven safe and effective way to brighten stained or discoloured teeth. Of all the advances made in dentistry to enhance the appearance of the teeth, whitening is the least invasive, easiest and effective in most cases. The procedure is safe, simple, and more affordable than ever. Because of these reasons and more, whitening has become very popular.

Adult Orthodontics

It's never too late to feel good about your smile! More and more adults are now seeking orthodontic treatment to correct crowding, missing teeth or simply to improve their smile. *Pembroke Dental Ballsbridge* has a range of treatments available to straighten your teeth including clear braces (Invisalign/Clear Step), 3 month and 6 month braces - a discrete solution for adults.
